Voorhees, of Indiana, caught a little earlier, James M. Harlan was elected senator by a joint convention of the Iowa legislature, regularly met, and to which both houses had agreed; but from which the democratic senators, being a majority of that house, withdrew in order to break a quorum and prevent an election, when it became clear that the choice of a republican was inevitable. In this instance, the senate of the United States, still democratic, refused Mr. Harlan his seat and left it vacant till an election by the next legislature. It will be seen that the democratic precedents, such as they are, all warrant the decision of claims to seats in the senate on purely partisan grounds.

HONORS TO STANLEY.

Recent dispatches announce the extension of great public honors to Stanley, in spite of the fact that the London *Truth* of December 12 expressed the opinion that it was doubtful whether the marches of Stanley through Africa had benefited humanity in general or Africa in particular, and inquired why the Africans could not have been left alone. The answer to this question is easily rendered. The survival of the fittest is the law of civilization, as well as of the animal and physical world. The Algonquins once ruled New England; the Iroquois New York; the Hurons and kindred tribes Canada; the Delawares Pennsylvania; the Greek confederacy the South; the Shawnees and kindred tribes Ohio and Kentucky, while the Sioux confederacy ruled the Far West from the Mississippi to the Rocky mountains. According to the logic of the London *Truth* these barbarous redskins ought to have been left in an African embassy in England, for Edmunds not only not of sarcasm but of irony may be replied to in kind, but in answerable, and Voorhees' complete utter silence when Edmunds got with him, Mr. Edmunds in his reply intimated that the "Dudley" might be a forgery, and signified why the democratic authorities had not prosecuted Dudley, and the democratic United States district for Indiana had failed before the administration to bring the matter to the attention of the grand jury. Senator Edmunds was clearly of the opinion that letter" like the Morley letter of a clumsy democratic forgery, on the public as a letter from the republican committee. In sarcasm with Voorhees' position that savars, bribe-takers and all indorsers should be regarded as pirates and of the Indian race." Senator Edmunds was terrific, for in substance "The Dudley letter is probably a forgery, but suppose it is not a forgery, you Voorhees and what is the Indiana democracy you represent should pose in the United States the champion of excellence of ability in elections." The chances before the senate of two rival senators, representing two rival legislatures, are upon the surface of things. There are precedents, however, in the appearance of senators elected in joint conventions in which party party refused to participate, a significant fact that the question of such senators has always been in favor of the party having a seat in the United States senate. To disprove, however, it is necessary to meet in joint convention with the Indiana senate was republican majority of four, and the house by a majority of about twenty-five before the conditions were reversed; and the democratic senators, meeting in joint convention with the same condition of things except the democrats played the same game as the republicans and the with the afterwards infamous Wright presiding over it as lieutenant. THE COST OF RECORD-BREAKING.

The public has heard a great deal within a few years about "ocean greyhounds" and their record-breaking in crossing the Atlantic, but it knows little or nothing of the cost at which the racers "break the record." The fact that each advance in mechanical skill has its disadvantages is well illustrated in the difficulties that beset the operation of chaining electricity to the common uses of men, and it finds also an illustration in the experience of steamship companies that seek to make their vessels lead in the race of speed.

The curious epidemic which imaginative persons magnified into the Russian influenza and over practical persons belittled to a common cold is probably rather a serious matter for New York. The death rate there is now higher than it has been since the sunstroke summer of 1872 and higher than it has been in any winter month in the history of the city. People do not die of the influenza, but of phthisis, pneumonia and bronchitis, which grow out of it. Of 250 deaths in New York Wednesday, 147, or about 75 per cent., were traceable in some way to the prevailing epidemic. This is passing beyond a joke.

Nobody but a fool like Voorhees ever supposed that the attorney general of the United States was unqualified to order the arrest of proceedings against W. W. Dudley, in connection with the famous five letter. The solemn denial made in a formal official communication from the attorney general to the senate yesterday was necessary because Voorhees was born without wits. The district attorney at Indianapolis acted upon his own responsibility, as every one knew. He abandoned the proceedings against Dudley because there was nothing in them.

NEWS FROM OVER THE WAY.

The Mayor of East Portland Has Not Yet Made the Appointments.

An Assistant Pastor—Board of Fire Delegates—
Intake the Slough—Lucky Number—
Twelfth Street Bridge—Notes.

The mayor has not yet made his appointments on the proposed water committee. Murphy's resolution was that he should appoint ten responsible citizens on this committee who should discuss the feasibility of the city owning its own water works and electric plant. At the last meeting of the council it was decided to increase the number of the committee to be ten. It is understood that the question to be discussed will be the advisability of asking the legislature for power to issue bonds to the amount of \$100,000 to \$150,000, so the city may control and operate its own water works. The mayor will no doubt add the names of those whom he desires on the committee at the next council meeting.

Communication of S. W. Blasdell, in relation to electric lights; read and on motion put on file.

Wooden Building in Tacoma Burned—Survivor Drawn to Justice—Penitentiary Deceit the Hermosa Speaks

TACOMA Jan 9—[Special Telegram]—Joseph and John Rigney doing business under the firm name of Rigney Bros. on South Pacific Avenue, made an assignment today to Tracy Palmer, for the benefit of their creditors. The Rigney Bros. have been in the flour feed and dry business and were supposed to be making money. In their petition to the superior court, in which they wish to assit, under the state's venue law they state that they have been running further into debt and friends for some time owing to the high cost they were paying and the close competition and small profits. They wish to turn over all the assets for the benefit of their creditors who for the past two months had been crowding them for payment. The assets they place at \$7,200 and the liability at \$14,077.

The principal creditors are: Bank of Commerce, \$2000; Del Monte Mills Co, San Francisco, \$3,000; Capitol Mill Co, \$1000; Gauer & Co, Florence, \$1000; Portland Flour Co, \$200.

Only Three Weeks Since His Crime—Swift Trial, Whammar County Just Now

CORFAX, Jan 9—[Special Telegram]—After forty minutes' deliberation the jury found Blanton guilty of murder in the first degree. Much credit is due to Pro Acting Attorney Plummer and his assistants scarcely three weeks have elapsed from the crime till the conviction.

The jury has been empaneled in the Russell case, and it may safely be predicted that their verdict will not exceed man slaugher.

FIRE IN TACOMA

Wooden Building Occupied for Business Purposes Destroyed at Night.

TACOMA, Jan 9—[Special Telegram]—A two story brick building owned by Unholt & Miller, on the corner of Pacific Avenue and Seventh street, was destroyed by fire last night. It was owned by L. Hench as a clothing store and warehouse whose property was covered by \$5000 insurance. Most of his property was saved. Aruse & Nichols proprietors of the Tacoma bakery, met with a small loss which is covered by insurance. Wiegert's photograph gallery was gutted, entailing a loss of \$100 with \$500 insurance. The origin of the fire is unknown.

NEWS FROM PENDLETON

Death of a Pioneer of 1849—The Snow Blockade Raised.

PENDLETON Jan 9—[Special Telegram]—John Huise, a pioneer died here last evening of consumption, after a protracted life aged 60 years. He came to Oregon with the vanguard of frontiersmen headed by Governor Lane in 1849 and settled in Southern Oregon, where he remained many years. He took an active part in the Indian wars and distinguished himself for bravery on several occasions. He left here in worldly goods, but a reputation for kindness generosity and honesty. He was well cared for during his long illness by J. Jacobs. His relatives who live in Misouri have been notified of his death.

A railroad built from Pendleton via Camas prairie to the Grand Ronde will open up one of the finest sandstone regions in America. The stone is practically inexhaustable and the quality the best. And extensive coal bed, which is known to exist and which is now mined or a small scale would also be opened and bounded forest of fine trees would be tapped the great mines of the Grand Ronde and Camas prairie would pour forth their wealth. All that is needed is a railroad. There is a possibility of a road being built direct from Pendleton.

The snow blockade near Union was cleared but not before four passenger trains had been stopped, one after another, by the drifts. These arrived at Pendleton within one hour this morning. The eastbound fast mail due here at 4 o'clock yesterday afternoon was held up at 7 o'clock this morning. Yesterday the branch train for Spokane got its fast as Tel on only.

There is going to be a fuel famine in Pendleton unless the officials or the railroad company take prompt action. The railroad company is called to the matter by Judge THE OREGONIAN and the citizens hope they will put care at the disposal of the wool dealers for shipment of the wood piled along the tracks in the mountains to Pendleton with out delay.

Members of the city council of Astoria have called on the druggist of their city to pay \$150 back because they have been ap paid for what had been sold, in fact, in amounts less than a quarter of a cent.

The weather moderated east of the mountain without full snow.

The Knights of Pythias of Pendleton whose two lodges are in a flourishing condition, are making preparations to celebrate royal arch the twenty seventh anniversary of the founding of the order, which occurs February 19.

Ex-vigilant Tacoma Officer Surprised at Multnomah County's Cheap Tax

TACOMA Jan 9—[Special Telegram]—County Commissioners Ray Johns and Tullis returned this morning from their trip to Portland where they went to inspect the court house of Multnomah county and the manner in which the prisoners and county poor are cared for there. The commissioners came to conclusion.

For that Pierce county does not want a court house larger than the one at Portland and second that Multnomah county is run in an economical way.

The commissioners were not impressed with the interior arrangements of the Portland court house, but commissioners were shown through the county buildings in Portland by County Judge Catlin chairman of the board of commissioners of Multnomah county.

They pay but one day a week for the hospital, their怨怨 poor taken care of at the hospital. Commissioner Ray said: "Here we pay 80 cents per day for the one we're the whole expense of providing for the prisoners and poor of Multnomah county during 1890 was \$2,100. The county expense for the same was \$1,400. They pay but 60 cents per day or for a week, when their county prisoners jail and fed. We pay \$1 per day here." Commissioner Ray said further that the economy in Multnomah county even reaches to the county courts themselves who receive but \$1 per day each for their services.

DELAYED TRAINS ARRIVING.

Providing No More Storms Come, Schedule Will Be Made.

Four Sections Came in Yesterday Over the Union Pacific—Heavy Snow at La Grande—Winnipeg in Eastern Oregon.

Yesterday was a great day for the arrival of delayed trains, the relenting weather giving opportunity for effective work in raising blockade and otherwise removing obstacles impeding their progress. Four trains arrived over the line of the Union Pacific—No. 1 at 5:40 in the morning, the first section of No. 3, about two hours later, the second section of No. 3 at 2:45 in the afternoon, and the train due at 4:45 in the evening, finally got through this morning.

The Spokane Falls section which was delayed thirty-eight hours at Pendleton was attached to the regular overland train about 6 o'clock Wednesday evening, and arrived with No. 3 yesterday afternoon.

Dr. W. W. Watkinson of Moscow, Idaho, who was a passenger on this train gives the following account of the trip:

"We left Moscow Monday evening," said he, "and when we reached Pendleton we were obliged to lay over thirty-six hours, awaiting the arrival of the regular overland train.

Four sections came in yesterday, and when we came together, our train was attached to the last section. At Moscow we were again delayed about six hours in consequence of the snow, and when we got through at 2:45 p.m. we were two hours late to Portland from Moscow, the normal time for that run being twenty-two hours.

There were nine coaches three of which were sleepers and several lounge cars, in our train. At Pendleton, where we stopped, we were given a meal of cold, raw, thin bacon, the temperature as low as 19 degrees below zero. Fortunately we had plenty to eat and no shelter. We purchased a small hotel close and lived there.

The women who did not have to travel the trail were given a time of it. We were separated from our husbands and several single women, from a hotel where we were all accommodated.

Fortunately we had plenty to eat and no shelter. We purchased a small hotel close and lived there.

We arranged ourselves playing cards, reading such material as we had and getting thoroughly acquainted.

Bishop Becker of Albion, O., who was with us, and a man from a town which was attached to one of the sections. The pictures were very attention, and the officials of the road endeavored to make even more comfortable.

Every one was in good humor, and enjoyed the company of each other under the circumstances.

Captain J. E. Lombard, William Brown, William Bailey, William Higgins, L. P. DeSho. The interment took place at River View cemetery, the services at the grave being conducted by Rev. W. S. MacEwan.

The funeral of Mrs. Isabella Palmer, sister of Mrs. George Taylor, was held from the undertaking rooms of Delin & Holman at 2 o'clock yesterday afternoon. Mrs. Palmer died in Seattle several days ago. The remains were buried in River View cemetery on the side of another sister, who died in the city six or eight months ago. The funeral was largely attended by relatives and friends.
